there is no room for a coupling. Do you think this would work out all right? I can do this at very little cost. An answer to this as soon as possible would be welcomed. Albert Peters.

If you can line up the magneto perfectly, and securely support the drive shaff, perhaps you will experience more trouble. It would seem more advisable, however, to set the magneto hack on a sub-plate and use a coupling. Too should be able to obtain a coupling with a flower which will take up very little space.

ACROSS CONTINENT

Adventurous Hobo Makes One in Aristocratic Sedan from De-troit to Portland.

To cross the American continent in a closed body motor car is an unusual feat, though no longer unique, since

Once embarked on this trip, the tramp made his headquarters in a sedan, which was the crowning glory of the shipment. Its cushions made him a luxurious bed. He had but to touch a button to illuminate its interior. Its body gave him a double protection against the weather. He must have been provisioned for the trip for, when the car arrived at Portland and the door was opened for the first time, the hoho bounced out with abounding energy and promptly dis-

a large empty jug were left behind, along with a note which stated: "Gents-I thank you for the ride. This is sure the swellest benzine buggy I ever rode in. Happy New Year."

AREZUNA SCOUND

IHE TEST OF TIME--- Eighteen Years Experience and Over Seven Years of Ever Increasing Patronage Right Here in El Paso, the Proof of Their Ability

TIME—The incorruptible judge of all things has put the seal of merit on the work of the International Specialists. For over seven years their work has been right before the eyes of an exacting, sternly judging public and the fact that during these years their records plainly show an ever increasing nur aber of patrons, proves far better than boastful tirades "Of what one will do or promises to do," that their methods of doing business and their System of treating Chronic Diseases are topmost of all that Modern Medical Science can offer to the chronic sufferer. During their eighteen years of general and special practice they have been able to select all that they consider of true me rit from the various schools of medicine and have not been too narrow in their views to see the good points in every system, as a result, basing their opinion upon their record of cures, they believe their Combined System of treatment the most successful in existence

THEY COMBINE THE GREAT CURATIVE POWERS OF ELECTRICITY, LIGHT, VIBRATION AND ORGANIC EXTRACTS WITH STANDARDIZED DRUGS PREPARED IN THEIR OWN PRIVATE LABORATORY

Their Seven Years of Unparalleled Success Here is One of Their True Guarantees. They offer those seeking medical aid a guarantee far more binding and of much more value than any written contract or verbal promise

SPECIAL DISEASES OF MEN

In no other class of discusses is our "Ironclad rule," vin., (A correct diagnosis and removal of the cause), more applicable than in the of maladies, neither is there any other class of troubles that should demand more careful attention and conscientious treatment he cause this has long been the fertile field of the quack and patent nostrum fakers.

The term, Lost Vitality, is not a disease, therefore there is no one remedy or combination of remedies that will effect a cure in any case. The weakness is the result of some actual diseased condition which is generally easily diagnosed and removed by skillful treatment, in this way the only rational way of treating this trouble. SOME CASES CAN BE CURED IN A FEW DAYS, while others, due to a complication of physical defects takes longer, but what we wish to impress most upon the man of weakened vitality is the importance of a correct diagnosis and give him warning to avoid placing himself under the care of any doctor who claims a specific to this tought. We in the content of the care of any doctor who claims a specific for this trouble. He is dishonest and a charlatan.

Among the many causes of Decline are enlarged, infected or otherwise diseased prostate gland, chronic infections, varieocele and hydrocale, all of which respond more or less promptly to scientific treatment and after a removal of the cause our Special Combination of Animal and Chemical Extracts will rebuild any man no matter how weak or how long the trouble has existed.

DISEASES OF WOMEN

That hundreds of useless, dangerous and mutilating operations are performed daily upon the female generative organs, everybody knows to be a fact; then why should a sensible woman submit to an operation which often destroys these important organs and fails to give the relief they seek, when other simple, safe and sure methods of treatment such as we have perfected will give permanent resief. We always follow the principle to cure and preserve rather than to destroy important organs, in any diseased condition,

NERVOUS DISEASES

A great many diseases, uncertain in their symptoms, but nevertheless causing severe impairment of the general health, can now be traced to a diseased condition of the NERVOUS SYSTEM. Not recognizing the REAL CAUSE of this class of patients, who, unable to find relief, are frequently driven into the arms of unscrupulous charlatans. The careful and intelligent examination we give to every patient enables us frequently to find as the cause a derangement of the Nervous System, which readily responds to the Specific treatment we employ.

BLOOD POISON

In the course of Specific Blood Poison the discovery of "606" has marked an important advance, yet its administration is dangerous and often followed by serious after effects. All these disadvantages have been overcome and this treatment developed into fullest efficiency in our ERITISH CURE. The BRITISH CURE is the highest perfection of all methods for the purification of the blood, requires for its administration but a few days, is absolutely harmless and painless and its results are complete and permanent.

RUPTURE RHEUMATISM

Under the various "SPECIAL TREATMENTS" that are administered in our Institution, our nonoperative Cure for Rupture. and our 30 day Chire for Rheumatism deserve special mention. These ailments have been treated heretofore without success, so that treatment that will positively effect a permanent cure should be welcome to the many disappointed sufferers of this class,

CONTRACTED DISORDER

Our improved methods cure in less than half the time required by old forms of treatment. When we discharge a patient as cured he will stay cured, and a relapso is impossible.

Taking into consideration the fact that there are so many different remedies advertised as sure cures for catagrh of the nasal passages, none of which could possibly cure, and the fact that so many good physicians claim that it is incurable, one has good reasons for being skeptical regarding any kind of treatment, but, when treatment is based upon an absolute knowledge of the cause and that cause can be permanently removed, it stands to reason that a cure will result and that's exactly how we cure catarrh, for instance, in the preliminary examination of many path uts we find a tumor, a polypus, a spur, an enlarged furbinate bone, a crooked septum or some other mechanical irregularity the cause of all the symptoms, the correction of which is simple, easy and without danger. THIS IS THE REASON WHY WE STATE THAT WE CURE MANY CASES OF CATARRH IN ONE DAY a statement that no one can seri-

onsly contradict, because the removal of the cause practically constitutes a cure.

In those few cases, due to repeated colds and the inhalation of irritating substances where thert is a simple thickening of the mucua membrane, PINOZONE, as we use it, generated by a special apparatus which we have installed, produces some remarkable cures Catarrh of the threat, ears, bronchial tubes, stomach and in testines requires the same painstaking care and attention it does in

the nose, and we believe that our system of diagnosis and treatment is unexcelled, and this statement is based upon the fact that WE HAVE CURED OVER TWO THOUSAND CASES right here in El Paso, many of whom had been told by good doctors they were incurable, and we will furnish anyone interested with a list of names of as many as they care to talk with.

RUPTURE, VARICOCELE, HYDROCELE CURED IN ONE DAY

These are three conditions that medicines never benefit, and it is therefore useless to take patent medicines. Home treatment, Free trial treatments or wear electric belts. We treat these troubles under a guarantee of a positive and permanent cure, by methods practically painless and without de-

PILES, FISTULA AND FISSURE cured by modern methods. We use no injection, ligatures or other painful measures. IT WILL PAY ALL AFFLICTED MEN who have been wasting time and money on Home Treatments, Electric Belts, Free Trial Treatments and other uncless methods, to investigate our claims and syste moi treatment. We do not claim to possess knowledge that other doctors cannot obtain, but, by making a special study of, and devoting our entire time and attention to the treatment of Chronic, Nervous, Blood and Special Diseases, we have perfected methods that are every day proving our superiority in mastering these afflictions. It will pay one to come hundreds of miles rather than subject themselves to dangerous experiments and delay in securing relief. REMEMBER IF WE FAIL TO DO ALL WE CLAIM OUR SERVICES COST YOU NOTHING.

OBSTRUCTIONS

Are the cause of more urinary troubles than all other diseases combined and many who are afflicted are not aware of the fact because they do not realize that the worst cases are the result of an injury. There are many doctors who advertise themselves as specialists who use sounds and other barbarous methods discarded years ago by those who know. WE GUARANTEE TO CURE. ANY CASE WE ACCEPT WITHOUT CUTTING, SOUNDING OR STRETCHING. Why experiment? SPECIAL NOTICE: All sick people coming to El Paso for treatment are requested to inquire of the banks and leading business men as to who are in their opinion the most reliable special ists in the city.
